## A MESSAGE FROM MANAGEMENT

Thank you so much for your patience as we complete maintenance & upgrades throughout the centre. The Pre-Kindy bathroom is now complete! The fencing around the service will be continuing over the next few weeks in stages.

You will see we now have a new community library. This was requested by some of our families using the feedback box. Please make sure you encourage children to replace the books so we can keep it going.

Leave us any feedback in the feedback box or feel free to come directly to management with any concerns or issues.

Please remember to check out our QIP Board near the Kindy room, parent input is valued!

## SUSTAINABILITY CORNER

### Containers for change

Thank you for your continued support throughout the year with our containers for change. For any families that aren't aware, we have a collection bin in the gated entrance area.

### Bottle top hill

We continue to have plastic bottle tops/lids donated to our bottle top hill collection bin- THANK YOU! Hopefully we can do our part to help educate children and raise awareness of the importance of recycling. Please note: the bottle tops/ lids need to be rinsed before putting them in the bin. Thank you to Lexi (a former employee here who still collects and drops off our lids to the Bottle Top Hill Program.

## 2025 RECAP...

### Children's safety- Our priority

During 2025 we have been reflecting on best practices to ensure children's safety is an absolute priority here at Birra-Li.

We have minimized photos of children and have moved from programming on the internet to programming using Floorbooks in the room. Families are welcome to view the programming book & daily communications on display in the room & will be given their child's portfolio at the end of the year.

We hope to entirely remove from EarlyWorks in 2026 so that our attention is taken away from devices and solely on your children.
